

Information Regarding Cancer Death Benefits

In Cancer related death claims it will be necessary to provide the following documentation in addition to the information required for Death Benefits.

Medical Records

Please provide all records from any and all oncologists who treated the decedent. These records must contain the following:

- a. history and physicals
- b. pathology reports
- c. imaging reports
- d. laboratory reports

Work History

Please describe, with as much detail as possible, the occupational exposures to known carcinogens (e.g. fires, hazmat, as well as any other exposures).

Please provide the decedent's work history:

- a. date service began as a firefighter
- b. date service ended as a firefighter
- c. total years of service as a firefighter
- d. fire service history (e.g. assignments, divisions, stations, etc.)
